DEVELOPING SYSTEMS TO ADVANCE A VISION OF MULTILINGUALISM AND MULTICULTURALISM IN OUR SCHOOLS

The ALS will include a panel of lead researchers, superintendents and statewide leaders

OUTCOMES

- ❖ Build a deeper understanding of the research on visionary, assets-based leadership for multilingual education.
- ❖ Develop a systemic approach that elevates the impact of effective biliteracy and multilingual instructional pathways and settings.
- ❖ Explore the role of student voice and the engagement of families and community in the development of a vision for multilingualism and multiculturalism in our schools.
- ❖ Become familiar with key visionary and implementation elements of highly successful multilingual/multicultural school districts.
- ❖ Advance the vision and implementation of California's English Learner Roadmap policy to support multilingual learners and settings.
- ❖ Become connected to a robust and growing leadership network in support of multilingual and multicultural education.

SESSION DESCRIPTION

The CABE 2023 Administrative Leadership Symposium is especially designed for Superintendents, School Board Members, Deputy/Associate/Assistant Superintendents, and other District and Site Leaders to deepen and elevate their understanding of the research, policy and pedagogy surrounding effective, systems-oriented multilingual and biliteracy learning environments and instructional programs in educational settings.

In this session, the presenters and panel of experts will share research, policies, and concrete practices to support leaders in creating effective learning environments that intentionally uplift the linguistic and cultural assets of students and families of diverse backgrounds. Together we will take a deep, inside look at how to respond to California's voter approved Proposition 58 and the vision of providing multilingual education opportunities for all students.

Join us with your leadership team and school board members for this dynamic, interactive leadership session!
